May 19, 2010

To All County Department Heads and Board Members;

Don Genrich/UW Extension; Joe Lally/Environmental Health Specialist, Linda McFarlin/Public Health, Jane Gervais/Emergency Management, and Myrna Diemert/Solid Waste Department are organizing another Ag and Household Hazardous Waste Clean Sweep and Pharmaceutical Collection to be held on Saturday, June 26, 2010. This is a great opportunity for the taxpayers and citizens of Adams County to properly and safely dispose of unwanted hazardous materials and old prescription medications that have been lying around their homes, garages, farms, and businesses for years. This year we will also be offering half price appliance and tire disposal.

We are offering you this opportunity to volunteer for the day, to show your support for these clean sweep efforts. We are in need of volunteers to help in various duties such as greeters, traffic control, unloading vehicles, messengers/runners, kitchen/break duties, set-up, clean-up, etc.

This would be a great public relations effort on your part and we will be able to use your services as in-kind matching funds for the grant that we received. If you are interested in assisting us with this worthwhile project, or are able to offer any other assistance, please contact Myrna Diemert at 608-339-9178 or email: diemertm@co.adams.wi.us. Please feel free to post this notice on your employee bulletin boards.

Thanking you in advance for your support and assistance,

Myrna Diemert, Solid Waste Department
Don Genrich, UW Extension
Joe Lally, Public Health Department
Jane Gervais, Emergency Management
Linda McFarlin, Public Health
